“Legacy” VIP Guidelines

What is a legacy-eligible point? Club Wyndham Plus points associated with ownership interests purchased directly through Wyndham Vacation Resorts or its affiliates, ownership interests acquired by will or intestate succession, ownership interests acquired by “Immediate Relative” of members, or through PIC Plus conversions owned prior to November 10, 2020.

Upgrading your membership: (to reach the next VIP tier) If you are a Club Wyndham Plus member with legacy VIP by Wyndham status and you trade or purchase an additional contract on or after November 10, 2020, you will need to purchase enough points to reach the next current VIP by Wyndham points tier.

For example, if you are at the Silver level with 450,000 points, you will need to purchase an additional 350,000 points to reach the next VIP by Wyndham tier (Gold). If you do not meet the minimum points required for the next tier of VIP by Wyndham, you will retain your legacy VIP by Wyndham status at your current level.

Decreasing your membership: If you are a Legacy VIP by Wyndham member at a VIP tier and the legacy eligible point value of your membership decreases for any reason (e.g., because you sold or transferred one or more of your ownership interests), in order to maintain VIP status at the same or lower tier, you must meet the applicable VIP Point Tiers Prior to November 1, 2012 or November 10, 2020 depending on your original purchase or upgrade date and eligibility at that time (see current Eligibility Requirements). If you are a Legacy VIP by Wyndham member and your eligible points decrease for any reason, at that time, your account will be recalculated and the highest tier will be applied. If your Legacy VIP by Wyndham eligible points owned fall below 300,000, you will no longer be VIP.

In order to then regain your VIP status, you will need to purchase the minimum points required by the current VIP by Wyndham Points Levels. Club Wyndham may from time-to-time offer programs that could affect your membership tier. If you choose to participate in these programs, please contact Owner Services at 800-251-8736 to determine if your membership tier will be affected.

Family transfers: If you are a Legacy VIP by Wyndham Member VIP level and wish to transfer one of your ownership interests to an “Immediate Relative,” the eligible ownership interests that were purchased prior to November 10, 2020, will be considered eligible toward the applicable VIP points level prior to November 10, 2020 (see Eligibility Requirements). The Immediate Relative that you are transferring your ownership interest to will need a minimum of 300,000 legacy-eligible points to receive legacy VIP status.

Eligibility Requirements

- Only Club Wyndham Plus points associated with ownership interests purchased directly through Wyndham Vacation Resorts or its affiliates, ownership interests acquired by will or intestate succession, ownership interests acquired by “Immediate Relative” of members, or through PIC enrollments count toward VIP status. “Immediate Relative” currently includes parents, spouses, domestic partners, siblings, children, and grandchildren. Purchases of ownership interests made from private individuals or resale companies will not count toward the total points required for VIP eligibility.
- Club Wyndham members who met the eligibility requirements for VIP by Wyndham status prior to November 10, 2020, will retain their current VIP status based on the VIP points levels in effect prior to November 1, 2012 or November 10, 2020, as applicable.

Reservation Modifications

Need an extra night or two added to your stay? No problem! You can now modify your reservation with ease, giving you the ability to add up to three nights to the beginning and/or end of an existing reservation. Instead of having to cancel and rebook your reservation to add nights, the reservation modification feature makes it easy for you to extend your stay without risk of losing your existing vacation.

Modifying your reservation just got a whole lot easier, so you can vacation like a pro!

Pro Tips:

- Not enough points to modify your stay? No problem! You can rent or borrow points to complete your reservation.
- Adding nights does not require an additional Reservation Transaction or Housekeeping Credit.
- Length of stay may vary by resort but cannot exceed 14 nights.
- You can add nights to the beginning and end of your stay, in two separate transactions. Check-in date and check-out date can only be modified once.
- Reservations can be modified up to 2 days prior to check-in.
- Cancellation policy will be based on the new check-in date. If a reservation is modified within 15 days of check-in, the same day grace period does not apply.
- Added nights must remain under the same check-in name, resort and suite type as the original reservation.
- Points for modified nights will be deducted from the Use Year those additional nights fall in. Current discounts and promotions that may apply will be added at the time of booking.

Housekeeping Credits

Vacation without the housework, because vacation should be worry free. Your Housekeeping Credits are used for cleaning your suite prior to arrival and are deducted along with your points when you make a reservation. As a part of your Club Wyndham Plus membership, Housekeeping Credits are awarded annually or biennially with your points at the start of your Use Year and expire at the end of your Use Year. One (1) Housekeeping Credit is awarded for every 70,000 points you own.

So vacation like a pro and leave the housework at home!

Pro Tips:

- One (1) Housekeeping Credit is required per reservation, along with your points, regardless of length of stay or suite size and are deducted from the Use Year in which travel occurs.
- If you run out of Housekeeping Credits, you may complete your reservation by purchasing additional credits for \$159 per credit at the time of booking.
- Need to change your plans? Housekeeping Credits are returned to the Use Year from which they came or original source of payment if purchased, when a reservation is cancelled in accordance with the cancellation policy.
- Housekeeping Credits cannot be borrowed.
- Any unused Housekeeping Credits will expire at the end of your Use Year.
- Legacy VIP members will continue to receive unlimited Housekeeping Credits.
- For biennial contracts, Housekeeping Credits will be allocated on the years you receive your points.
- Housekeeping Credits cannot be applied toward additional suite cleanings during your stay.
